

## **2025 IHSA NATIONAL CHAMPIONSHIP SCHOOLING POLICY**

Competing Hunter Seat and Dual Discipline (crossover) riders may school until the official end of schooling on Wednesday, May 1. This policy pertains to the venue under contract with the IHSA and does not include other parts of the Tryon International Equestrian Center used by other organizations.

Competing Western schooling riders may school until the official end of schooling on Thursday, May 2. This policy pertains to the venue under contract with the IHSA and does not include the other parts of the Tryon International Equestrian Center used by other organizations.

Please note that the IHSA Executive Committee has fielded several questions regarding whether or not riders may compete and/or ride at the USEF/FEI Competition, Tryon Spring 1, running simultaneously on the property. The IHSA National Championships and USEF/FEI Competition Tryon Spring 1 have been deemed two separate events. Therefore, riders competing at the IHSA National Championships are permitted to compete and/or ride non-IHSA National Championship horses on the USEF/FEI Tryon Spring 1 horse showgrounds.
